- Financial Reports: Report
- Development Financial Reports:
- Report Functions Financial Reports
- Scheduling
- Financial Reports: Migration

- Overview and Accessing Fusion Applications UI
- Understanding ADF Architecture
- Fusion Application Extensibility, Customization & personalization
- Manage Sandbox
- Page Composer, Application Composer
- Customization Migrations

Introduction

- SOA Architecture
- Principles
- Types of web services

About SOAP Web Service

- Introduction
- Anatomy of SOAP
- Structure of SOAP
- SOAP with HTTP
- SOAP-1.2 Features

About Web services Security

- Introduction
- Need of security
- Types of securities
- Real time Examples with scenarios

About REST Web Service

- Introduction
- Rest principles & Terminology
- About JAX-RS API
- Annotation Inheritance with REST
- REST Client Design Scenarios
- REST Service Endpoint & URL Design Scenarios
- Real time Examples with scenarios

About WSDL

- Introduction
- WSDL Structure (Covers 2.0)
- Message Exchanging Design Patterns & Modes

Integration scenarios with web services

- Figuring out the cloud web services
- Building the payload
- Testing the web services (REST and SOAP)

- Overview of VBCS
- VBCS User Interface
- Create, Read, Update, Delete web application creation
- Single column and Multi column filter use case
- Delete use case for each row
- REST API invocation (GET, POST) from web application

- Overview of PCS
- PCS User Interface
- PCS various components
- Approval workflow use case Development
- Decision Model use case
- Test, Activate, Version, and Migration of PCS components

Prerequisites

- XML and XSD schema Overview
- Fusion Application User and Roles (Include Custom Roles) overview
- FDBI Process Overview
- BI Reports and ESS Jobs Overview

OIC Setup

- Provision DBaaS Instance
- DBaaS Access Rules
- Provision OIC Instance
- Start / Stop OIC Instance

OIC Overview

- OIC Capabilities
- Overview of Use case and Architecture
- Steps for basic configuration of workflow

Connectivity Agent

- Agent Overview
- Setup Agent Group
- Download and Install Connectivity Agent
- Creating connection to On-Premise end points
- Debugging using Agent logs

Configuring Adapters and defining connections

- OIC Built Adapters
- Triggering and Invoking adapter properties
- REST Adapter properties definition
- SOAP Adapter Properties definition
- Database Adapter Configuration
- Cloud Adapters Overview

Defining and Configuring Connections

- OIC Supported message exchange patterns
- Creating OIC Integration
- Basic Mappings
- How to use Publish to OIC Integration Pattern
- How to use Subscribe to OIC Integration Pattern
- Data Mapping Overview
- Scheduling Integrations
- File Based Integrations

Advanced Integrations and Orchestrations

- Routing based on content
- Integration inbuilt activities
- Managing Conditional Expressions
- OIC security, Schedules and additional features

Creating Connections, Integrations and Packages

- OIC Integration Templates
- Packages Overview
- Create, Export and Import Packages
- Editing OIC Integration
- Versioning Integration
- Deploy Integrations

Data Mapping and Lookups

- Data Transformation with OIC mapper
- XPATH functions for advanced mapping
- OIC data lookups
- Use of lookups to share information between applications
- Lookup Functions

Monitoring Integrations

- Handle Errors, define custom exceptions
- Managing and Tracking messages between Integration flow
- Common Error Handle framework

What our Trainees Say

M

Minal Nimbolkar

Very reliable and good institute to join. Instructor Vijay Sir is very knowledgeable and very experienced in **Oracle Fusion Technical**. Most of the topics and concepts were very new to me but he has explained it very nicely and making the session more interactive.

R

Rahul Upadhyay

Very reliable and good institute to join. Instructor Vijay Sir is very knowledgeable and very experienced in **Oracle Fusion Technical**. Most of the topics and concepts were very new to me but he has explained it very nicely and making the session more interactive.

R

Rajesh Khetade

I have joined this institute in Apr 22 for Oracle Fusion Technical and Vijay Sir's teaching skill is very good. He is teaching with real time scenarios which definitely help in our work. Happy to say this is the best institute and I will recommend others to join this institute for your career growth.

Vaishali Purohit

I have attended Oracle Fusion Technical course and as an Oracle EBS R12 Technical Consultant I found it easy to follow this course and understand the new cloud concepts. Vijay is experienced and very good in explaining each and every concept in detail.

Study materials provided by Teach leads IT team is quite good to practice and gain knowledge & confidence.

Arpana Ayireddy

Had Fusion Technical Training from TechLeads IT. The training has been very knowledgeable and paced well from the Trainer Vijay, who is very experienced in Oracle Fusion Technical.

He explained it in detail covering the real time scenarios and the training was effective as it was very interactive.
